

Electric Central System

User Manual

System Requirements:

- **Windows 2000**
- **Touch Screen**
- **DSL Network Connection**
- **Network Attached Printer**
- **Bar Code Scanner**

Installation:

- **Will be performed by representative.**

Log In:

To log in to ECS the user must first enter their employee username, then enter their 4 digit PIN through the interface and press Login (Figure 1). If system displays “Lost Connection” press Exit and run “Restart Server Processes”.

Figure 1 – Log In Username & 4 digit PIN.

Navigation:

To navigate the interface of ECS, choose one of the six buttons on the left side of the screen (Figure 2).

Figure 2 – Main Screen

Cash Management:

Cash Management allows for ticket validation and cash out.

To validate a ticket, enter the bar code data or scan the bar code into the textbox on the screen (Figure 3) and press Enter. Information will be brought up about the ticket (Figure 4). If no Cash Out Time exists, then the ticket has not yet been cashed out. To cash out the ticket press Cash Ticket. To clear the ticket information press Clear. To reset a player's individual total, press Reset Total.

The screenshot shows a software interface titled "Ticket Information" with the "ECS" logo in the top left. It features several input fields: "Bar Code:" containing "HIXG TCA", "Ticket Number:" containing "12793", "Amount:" containing "1.00", "Machine #:" containing "403", "Win Time:" containing "2004-10-14 12:02:18.391637", and "Cash Out Time:" which is empty. To the right of these fields is a box labeled "Player's Total:" showing "\$0.00". Below the input fields are three buttons: "CLEAR" (red), "CASH TICKET" (green), and "RESET TOTAL" (green). At the bottom is a keyboard layout with letters A-Z, numbers 1-0, and symbols like \$, %, +, and a "SPACE" button. Annotations include a red arrow pointing to the "Bar Code" field, a yellow arrow pointing to the "CLEAR" button, a green arrow pointing from "CLEAR" to "CASH TICKET", and a blue arrow pointing to the "RESET TOTAL" button.

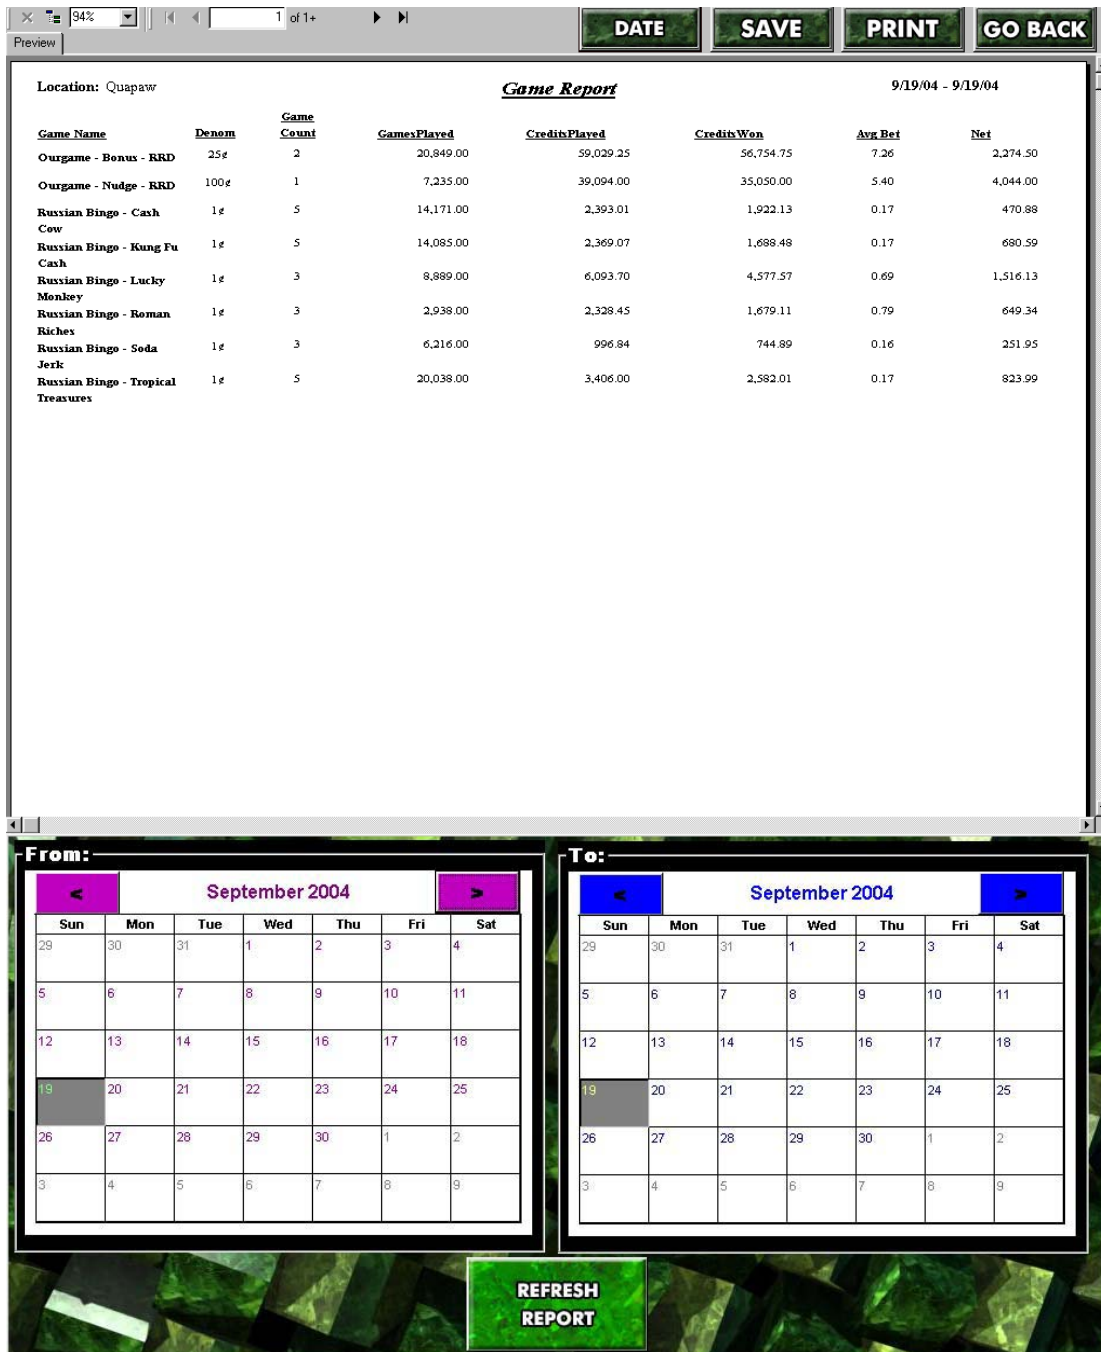

Figure 4 –
Ticket
Validation

Reports:

Fifteen different styles of reports can be viewed. Choose a style of Report you wish to view by pressing one of the buttons shown in Figure 5. Reports with past data will display a Date button (Figure 6) where the user can choose a to and from date to view data from those dates.

**Figure 5 –
Reports**

**Figure 6 –
Example
Report &
Date Selection**

Operations:

The Operations menu contains (Figures 7-13):

- Live data feed
- Live casino floor view of each machine and their status
- Past screen shots
- Ability to take current screen shots from machines
- Game recall of the past 5 games from any machine
- Meter recall from any machine
- Report of current inactive machines
- Report of current free machines
- Past 24 hour error logs.
- Period collection report
- Period collection entry for each machine.
- SHUTDOWN CASINO (reboot all the machines connected to the network)
- SILENCE SERVER ALARM, (silence the backup servers' alarm

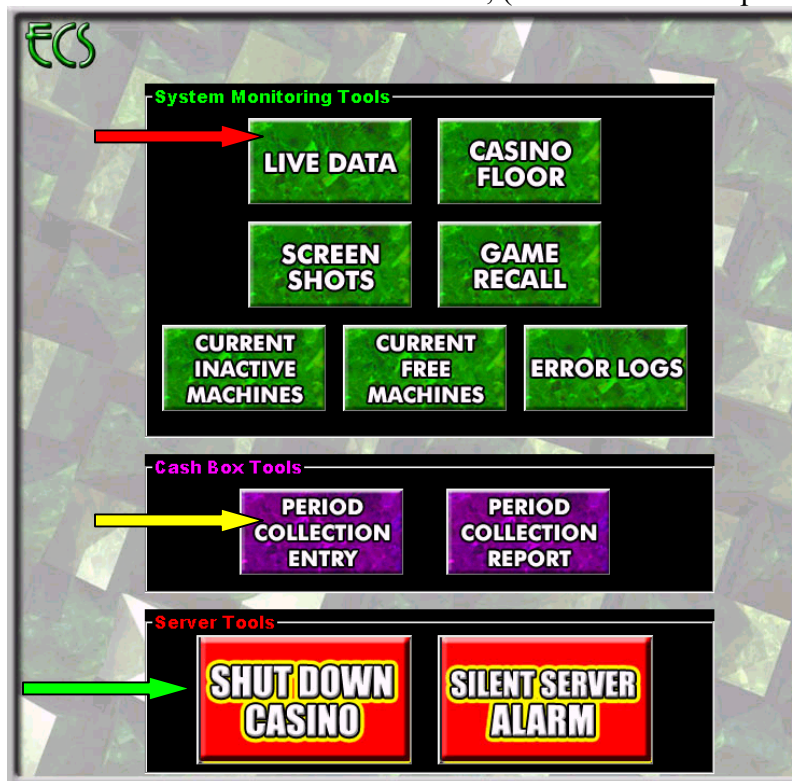

Figure 7 –
Operations

Live Data (Figure 8) displays:

- Last hours hold
- Daily hold
- Weekly hold
- Total number of machines
- Number of machines down
- Number of free machines
- Total escrow in all machines over time
- Hold percentage over time
- Games played over time
- Hold for each machine.

The user can view the Live Floor by pressing the LIVE FLOOR button.

Live Floor (Figure 9) displays:

- All machines in the physical location on a map
- Machine number
- Game icon
- Current status.

The user can view the Live Data by pressing the LIVE DATA button.

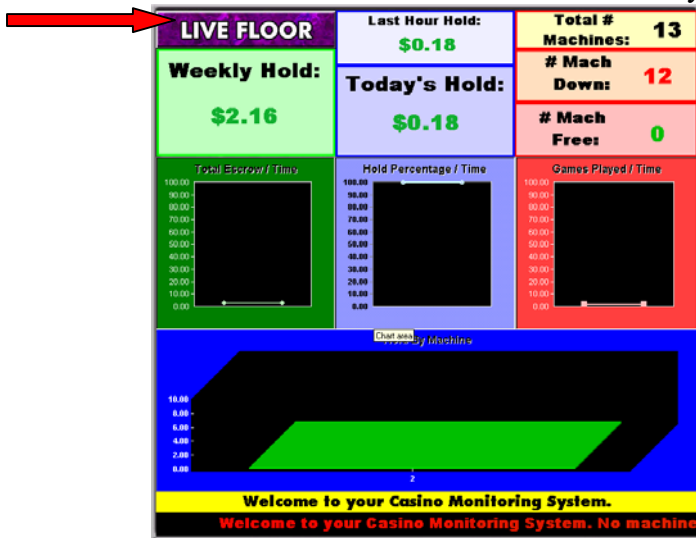

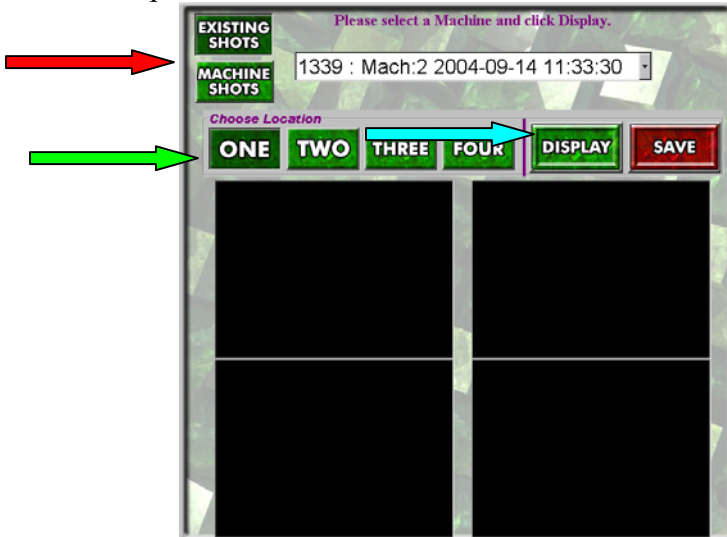

Figure 8 –
Live Data

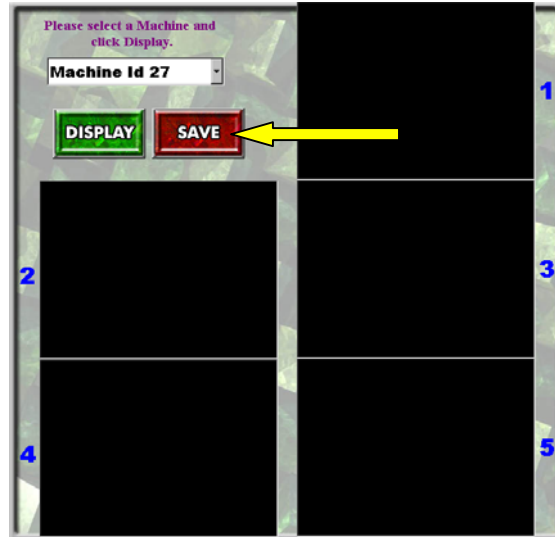

Figure 9 –
Live Floor

Screen Shots (Figure 10) provides two lists; existing screen shots and a list of all machines. To view a screen shot choose a list by pressing Existing Shots or Machine Shots, then choose a shot or machine from the list using, and press Display. The user can view up to four screen shots at once simply by choosing different locations before pressing Display. To save a screen shot press the location of the screen shot, then press Save, then choose a file location, and press Save.

Game Log (Figure 11) provides screen shots of the last five games played on a specific machine. To view a machine's game log first choose a machine from the list and then press Display. To save the five screen shots press Save, then choose a file location, and press Save.

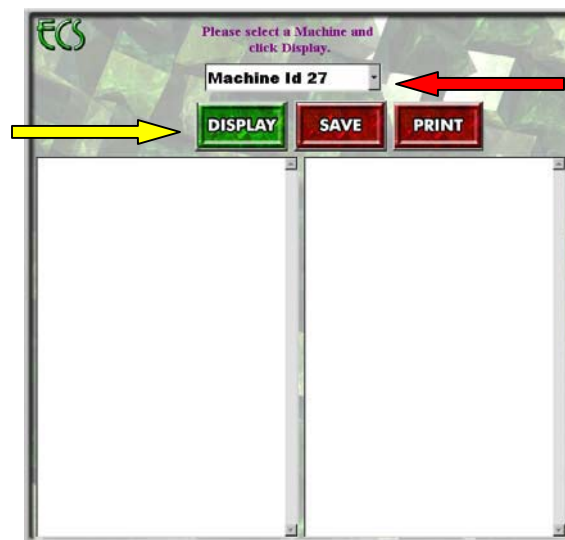

**Figure 10 –
Screen Shots**

**Figure 11 –
Game Log**

Meter Recall (Figure 12) provides recall of all soft meters in a specific machine. To recall meters first choose a machine from the list and then press Display. The Main Meters will be displayed to the left of the screen and the Game Meters to the right. To save the meters press Save, then choose a file location, and press Save.

**Figure 12 –
Meter Recall**

Period Collection (Figure 13) provides a utility for submitting the bill count from stacker. Listed on the left side of the screen are the amounts of each type of bill and on the right side are text boxes for entry of the counted number of each type of bill. Once all the entries have been made, press Confirm to submit. All uncounted Period Collections can be submitted at one time by selecting Clear all Machines and Press Confirm.

The figure consists of two screenshots of a software interface for Period Collection Entry.

Left Screenshot: The screen displays a keypad with numbers 1 through 9, 0, and a comma. Below the keypad are two buttons: 'CONFIRM' (green) and 'CANCEL' (red). Above the keypad, there is a section titled 'Please Enter Machine Id.' with a button labeled 'ALL MACHINES' and a checkbox labeled 'Clear All Machines'.

Right Screenshot: The screen displays a form titled 'Please enter collection information.' The form is divided into two main sections: 'Metered Amounts' and 'Counted Amounts'. The 'Metered Amounts' section lists bill denominations (Ones, Fives, Tens, Twenties, Fifties, Hundreds) with corresponding values. The 'Counted Amounts' section lists the same denominations with input fields for the counted values. A red arrow points to the 'Counted Amounts' section. Below these sections, there is a 'Machine Id' field, a 'Date' field, a 'Time' field, and a 'Remover Id' field. A yellow arrow points to the 'CONFIRM' button at the bottom right of the form.

**Figure 13 –
Period Collection
Entry**

Configure:

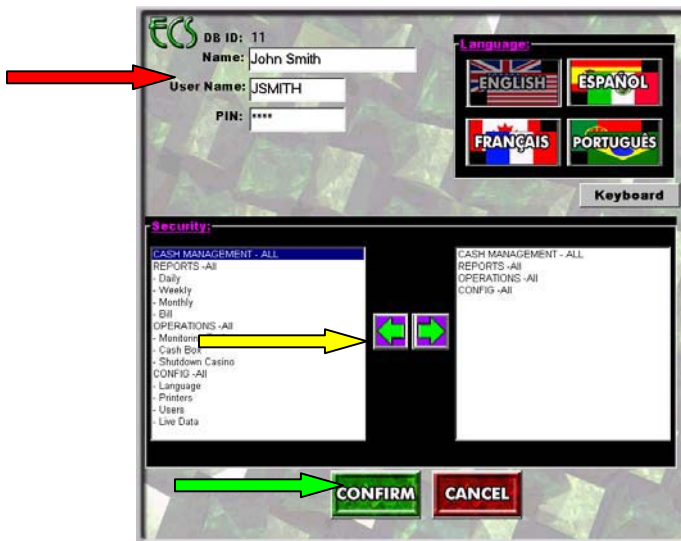

The Configure menu contains the ability to set the language of the program (English, Spanish, French & Portuguese), set the report printers, set up or edit a user, and edit the casino floor map. (Figures 14-16)

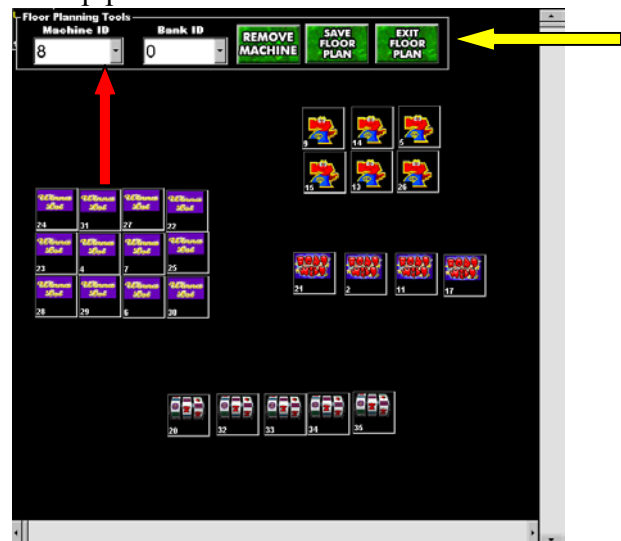

**Figure 14 –
Configure**

User accounts (Figure 15) contain the users Full Name, User Name, 4 Digit PIN, Language Preference, and Security. The left list of the Security box contains all available functions. To add or remove a function from a user's account, select the item and press the arrow buttons. Press Confirm to save changes.

Casino Map (Figure 16) allows the user to setup a map of the casino floor. To add a machine to the floor choose a machine number from the list and press the location on the floor where the machine is located. To save the map press the Save Floor Plan button.

**Figure 15 –
Edit User**

**Figure 16 –
Edit Casino
Map**

Log Out:

To log out of the system simply press Log Out from the left side of the screen (Figure 2) and the log in screen will appear for the next user. To exit program press the Exit button on the log in screen (Figure 1).
